

Grass Valley Recreation New Kinderleague

This year, the Grass Valley Recreation League is excited to introduce a brand-new addition to our program- the Kinder League. For the first time, children who entered Kindergarten for the 2025-2026 school year, are able to participate. This league is designed to give the young athletes a fun, age-appropriate introduction to the sport while helping them build the basic skills and confidence. The Kinder League will run alongside our traditional 1st-6th grade divisions, with modifications to ensure a positive and engaging experience for all. We can't wait to welcome this new group of players to the court.
