

Grass Valley Recreation New Online Registration

After 28 years, our organization made the decision to incorporate a new online platform, moving away from paper registration. This winter, the 2026 season will make our first year with a new website, communication system, and online registration process. We appreciate your patients during this transition and we hope that this switch will provide our players and their families a more expedited, efficient process, with a better overall experience. We value your participation and are excited for the upcoming seasons.

Please download the app TeamSideline and create an account for registration, communication, scheduling, and more!
